

## Wall reinforcement for ST-SUP-MUR-ELE-001

Réf. : ST-LEG-001

This wall reinforcement allows you to install your [ST-SUP-MUR-ELE-001 wall bracket](#) reliably, even if your wall is not very strong. The feet have three possible adjustments : 405 mm, 475 mm and 545 mm from the ground.

These reinforcements are recommended in the case of mounting on thin walls (plasterboard, etc.) so that the load distribution on the wall is reduced.

### Description détaillée

This product is an accessory of the support [ST-SUP-MUR-ELE-001](#).
