

Speechi Android Unit for Interactive Projector

Réf. : BOX-AND-400W

Why an Android Unit?

This Android Unit will make it possible to use your Speechi SPE-400-W Interactive Projector without computer, directly on Android. You will be able to download Android Apps, to get online, etc.

It's not a simple "Android TV", the unit contains all the drivers to calibrate and command the Speechi IP, to change source (for switching to PC if necessary, etc.).

The Android Interactive Unit also comes with the software for LightPen Interactive Projector and the [SpeechiStore App store for Android](#) (free Apps environment, ad-free, for schools and companies).
